2019-20 REGISTRATION INFORMATION

Online registration opens and will be available to new and current students, beginning the morning of Friday March 1.

Below is a list of reminders to get you ready to register your students for next school year.

1. It would be a good idea for you to try your parent portal account login prior to Friday. It must be a parent portal account that is used to register. If you have been using your student's portal account to view their school information, you will need to use the parent login. Student accounts do not have access to register online.
2. If you cannot remember your username or password OR need a new account created, use the link below to request a new username and/or password OR request they be reset. Please make sure you fill out all form fields and include a username and a password. Again, it would be good to get this setup prior to the anticipated Friday opening rush.

3. If you changed your address since last year's registration, you will need to have a proof of residency ready to upload when you enter that address. Proof would be a utility bill, rental agreement, purchase agreement, or something that has your name and address and recent date included.
4. You can't register online using a cell phone. A laptop, tablet, or iPad are okay to use.
5. Each building has a laptop available to use for registration if you do not have one. Just stop at any district building office and ask the secretary for assistance.
6. Fees can be paid beginning July 1. You will not be able to pay any fees online using RevTrak or in person until after July 1.
7. Free/Reduced Meals & Book Fees and Waiver forms will be available around July 1. We will send a notification when these forms become available.
