The school board met on Monday, November 23 in a regular scheduled board meeting. Return to learn plans were discussed and the school board voted to approve to continue in a Hybrid Learning Model through the end of the semester. The vote also included pushing back a return to five days a week in person learning with an online learning option to second semester. COVID-19 rates will continue to be monitored for determination if we need to move to remote online learning by classroom, building, or district for a two week period.

Thank you for your continued support during this unprecedented year.

Scott Grimes, Superintendent
