## North Ridge Elementary - A View from the Ridge

Handbook Review: Medication Guidelines at School - Students are not allowed to have medications with them at school. All medication (prescription and over the counter) must be kept in the health office and will be administered under the supervision of the school nurse or delegated trained school employee. Administration of medication at school requires a parent/guardian signature on the district Medication Authorization Form, which can be found in Appendix C, on the district's website under forms or in the school Health Office. Medication must be brought in the original container or labeled by the pharmacy or the manufacturer with the name of the student, name of the medication, time of day that it is to be given, dosage and duration. Medications must be age-appropriate and will be administered according to label recommendations.

Students in grades K-6 must supply all medications to be given at school with parent/guardian consent. Elementary schools will **not** have stock medications available. The authorization form is available in Appendix C, on the district's website under the forms section or in the Health Offices.

North Ridge Music Concert coming in March.

March Music Madness has started.

Highlight on Guidance - We have spent some time in guidance discussing a couple different topics. 3rd-4th grade classes have been talking about internet safety. We have had conversations about what is safe to share, whether or not what we see is real or not, and the importance of being kind to others online. We were able to test our knowledge through an online game called Interland. All grades K-4 also discussed the topic of fairness. We had some great discussions and activities about how being fair doesn't always mean being equal.
