## North Ridge Elementary - A View from the Ridge

Handbook Review: PE Guidelines - State education laws require that all students be enrolled in and participate in a course of Physical Education. **Students are required to participate in all PE classes.** If a physician feels that a student should not participate or should only participate on a limited basis, parents must obtain a note from the physician with all restrictions noted and give this to the school nurse. Once the student is cleared by their physician to return to all activities, a clearance note must be given to the school nurse. In the case of an unexpected injury or illness, the school nurse may determine if a student is unable to participate in PE activities.

Sorry, the link didn't work last week. Please remember the area surrounding North Ridge is private property, all the areas in red on the map are private property.

Please use this [link](#) to order your child's school supplies for the 23/24 school year through EPI. If you also have students attending Preschool that school code is HER272 or Optional Kindergarten that school code is SOU168.

Highlight on Guidance - In guidance we have spent the past few weeks discussing the two character pillars of fairness and citizenship and connecting them to friendship. This past Friday we had a school assembly to review the two pillars which included the 2nd graders performing a song as well as some additional students demonstrating that fairness doesn't always mean it has to be equal!
