North Ridge Elementary - A View from the Ridge

**REMINDER - Per our student handbook, "if the wind chill or temperature is below 10 degrees recess will be indoors;" otherwise the students go outside. The cold winter weather has arrived so please make sure your children bring the appropriate clothing to be outside for recess, this includes snow pants, snow boots, gloves and hats. The children DO NOT get to stay inside because they don't bring the appropriate clothing to stay warm while outside for recess. On snowy days if your child doesn't bring snow pants and boots they will still go outside but they only get to play on the blacktop. If you are a family in need of snow pants and boots please reach out to the office as we have donated items we can give to your child.**

Handbook Review: Deliveries - We ask that balloon bouquets, flowers, etc. are not delivered to school for your child. This causes disruption to the class and disappointment to those never receiving the same. If they are delivered, they will not be given to your child until dismissal time.

Registration for the 23/24 school year will open on February 1st. Please register your students as soon as possible to help the district with up to date student enrollment numbers. Fees for the 23/24 school year can not be paid until July 1st.

Highlight on Art - Kindergarten just finished creating robots. Their learning target was to use basic shapes to create the body and details of their robots. They finished by adding designs and tin foil to give them a shiny touch. Look how different each robot is by just using basic shapes! Great job Kindergarten!
