OCTOBER 2025

SUPERINTENDENT'S MESSAGE

DCG Family,

November 4, 2025, is almost here. Voters in Dallas Center and Grimes will be voting on an \$88 million bond referendum. This project addresses four key areas for improvement at DCG CSD: safety and security, overall district capacity, classroom space and the DCG High School campus.

If passed, the bond referendum will impact all seven of our school buildings, as well as our transportation and operations facilities.

One of my goals throughout this process has been transparency. If you have questions, I will answer them. I've been able to meet with community groups in Grimes and Dallas Center and welcome the opportunity to do more of the same ahead of the vote on November 4. We would also like to

invite our community to the DCG Bond Referendum Town Hall on Tuesday, October 28. Keep an eye out for a link to submit questions for the town hall in the next couple of weeks! Speaking of questions, here are a few that I've been receiving.

How were these projects selected? A proposed 10-year master plan was developed by OPN Architects. Through a feedback process that included community groups, staff groups and DCG administrators, we believe this plan addresses the most pressing facility needs by creating safe and equitable learning environments for all students in our district. FROM THE SUPERINTENDENT

How can I share my input on what these projects can/will look like? If passed, OPN will move immediately into the official designing phase. This process will include meetings with staff members, administrators and community stakeholders. You can feel confident that your voice will be included!

There looks to be significant construction at DCG High School. Will these interrupt student learning? While our timeline is not 100% complete, we believe there will be limited disruption to our students. The expansion plan will include one new wing at a time, allowing our students to complete their work inside of the building in a typical classroom setting. Our goal is to complete as much of the interior work as possible, during summer and breaks in the school calendar. There are no plans to bring in learning huts (outdoor classrooms) during this project.

We need a new auditorium at DCG High School. Why was this not included in the project? A new auditorium was brought into the conversation very early in this process.

We looked at two potential spaces for a new auditorium, one on the high school campus and one at Oak View. The cost for a project like this ranges between \$30-\$34 million. That price point wasn't going to fit in an \$88 million bond budget. That being said, we are going to provide immediate upgrades to our current auditorium space, including new seats, new lights, and audio/video upgrades. A significant amount of money will be utilized to improve our existing auditorium.

As you learn more about the project, more questions will jump out. Please use this QR code to visit our bond referendum website to learn more about this project. There's also a form for you to ask any additional questions. This comes

right to my inbox!

I appreciate your continued support of our district! Have a great October!

project will help our 7th and 8th grade students by adding hundreds of books to our library and online database. Graphic novels represented 30% of the check-outs in the 2024-25 school year at Oak View. Graphic novels are now 10% of the overall collection in our library.

National Principals Month - October is National Principals Month and we are so excited to celebrate with our seven incredible leaders! School principals play a vital role in shaping the educational experience of every student, supporting teachers and staff, and strengthening the partnership between school and community. They are instructional leaders, problem-solvers, and advocates for students. They create safe and welcoming environments where learning thrives, where teachers feel supported, and where families know they are valued partners. Please help us celebrate Matthew Blackmore, Joan Cundiff, Jason Snow, Deb Cale, Diann Williamson, April Heitland and Patty Morris!!

THE MUSTANG WAY

The Mustang Way at DCG Middle School - Staff and students at DCG Middle School are uniting under "The Mustang Way" for the 2025-26 school year. "The Mustang Way" has four key pillars - respectful, responsible, safe and kind. By working to display these four attributes every

day, our fifth and sixth grade students are working together to achieve a common goal. These four words will help our students create their futures. Sure, they are words on the middle school wall, but these qualities are woven throughout the building - whether we're in the classroom, hallways, lunchroom, or at recess. We treat others the way we want to be treated, take care of our space and belongings, make choices that keep everyone safe, and look out for one another. Way to go DCG MS!

Constitution Day - Constitution Day, September 17, 2025 was a day for students to develop a deeper understanding of the Constitution and how our government works. Sixth grade students in Mrs. Davison's Social Studies class not only read the Constitution, but compared the articles to another countries. Students read the preamble and the articles of the U. S. Constitution, and then they worked in pairs to chose a country to determine governmental differences and similarities. Students learned how different countries focus on different aspects of citizen life. Students found the assignment challenging and eye opening.
